most significant threat birds face in North America today. Without habitat - appropriate food, shelter, water and space - animals are not able to survive. Since habitat loss is a significant threat to the future of birds in our communities, the best way we can help birds is to replace or restore some of that habitat.

Bernie DUPONT / Flickr / CC by-SA 2.0. Florida is the only place in the United States where birders can find the snail kite (*Rostrhamus sociabilis*), a rare raptor with dark plumage and a severely hooked bill. This bill is excellent for prying into the large snails that make up this bird's diet, and snail kites have adapted well to feasting on the apple snail, several species of which are ...
