Christina Klein

In the years following World War II, American writers and artists produced a steady stream of popular stories about Americans living, working, and traveling in Asia and the Pacific.

Summary Edit. While most cultural historians of the Cold War have focused on the culture of containment, Christina Klein reads the postwar period as one of international economic and
political integration—a distinct chapter in the process of U.S.-led globalization. This book examines the relationship between the expansion of U.S. power into Asia between 1945 and 1961 and the simultaneous ...

MIT Literary Professor Christina Klein re-visits Said's conclusions in Cold War Orientalism: Asia in the Middlebrow Imagination, 1945-1961. In this work, she successfully argues that "while many American representations fit comfortably with Said's model of Orientalism, many post-war representations of noncommunist Asia do not, although they do not contradict it
