Power Sanders | Canadian Tire

First up in our best sander reviews is an incredibly cheap but highly effective little unit from the legendary BLACK + DECKER. We'll be frank, the very keen price of this sander is one of its key selling points. Don't let that fool you, though. Whatever your skill level from beginner through to expert, the BDERO100 will serve you well even though it costs less than a round of drinks.

Best Sander Reviews And Buying Guide For 2020

The following hand-held power tools must be equipped with either a positive "on-off" control switch, a constant pressure switch, or a "lock-on" control: disc sanders with discs 2 inches (5.08 centimeters) or less in diameter; grinders with wheels 2 inches (5.08 centimeters) or less in diameter; platen sanders, routers, planers, laminate trimmers, nibblers, shears, and scroll saws; and jigsaws ...

HAND and POWER TOOLS

We can break drywall sanders down into a two main categories: manual and powered. For most people, a manual drywall sander is definitely not the right tool to tackle the whole job. Unless you are sanding a very small surface area, using just a manual model will be grueling, time consuming, and downright inefficient.
