The element illustrated encyclopedia of animals in nature ...

The elements of a symbol are defined only by the space that is a part of its construction. Like the wind, the effect of space is gauged by its effect on the things within it or surrounding it. The concept of space, the void, is a profound part of our experience. To reach a state of "emptiness" is, for many,

Virtually all cultures have used divination to seek advice or help from unseen forces, though the methods have differed. Karcher (Elements of the I Ching, Element, 1995) gives a colorful historical overview of the practices from many lands and times, including runes, tarot, dowsing, numerology, tea leaves, and more obscure rituals involving bones and spiders.
